The School Principal,

Dear Sir/Madam,

INTRODUCING MYDREAMCONNECT SMART LEADERS' CLUB FOR YOUR STUDENTS' DEVELOPMENT

MyDreamConnect is an EdTech and socially responsible platform that serves as a good source of support to people in the areas of life development. Our dream is to become a very good source of support to others especially youth in the area of life development by serving teens and youths, giving them bespoke solutions for growth & development. This is the reason our team birthed the idea of the **SMART LEADERS CLUB**.

The Smart Leaders Club is a free value-added program to promote teens' life development. The club is committed to investing resources (money, time and wisdom) into teaching teens to make decisions and lead themselves to making choices to do the right things at the right time. Our focus is teenagers in secondary school because our number one belief is that **being a reputable Teen before 20 years old is important to achieve every other milestone of life journey**.

*Per our mission as expressed above, we hereby introduce to you the **SHAPE program** - it is a program designed to empower young people; age 10 - 25, to lead, to care and serve using the critical life principles of engaging the Head (knowing), the Heart (listening) and hands (taking action) done through direct teaching, group discussions and activity-based coaching to provide them an experience that would strengthen their coping abilities to counter environmental stress while they transit to adulthood.*

We have well trained and experienced facilitators ready to make impactful change in the world, make positive and productive deposits in the life of young people, we are therefore seeking your support and collaboration to establish this club in your reputable school to impact the life of your students and thereby add value to the society. And this will be at **NO COST** to your school.

Thanking you in advance for your interest and cooperation as we look forward to meeting with your team/school management to further discuss our proposal. For more information about our programs, kindly visit <https://mydreamconnect.org/ng/our-programs/>

You can reach us via: info@mydreamconnect.org.ng and our Telephone number is 08128936463.

Wishing you and your school the very best of year 2024!

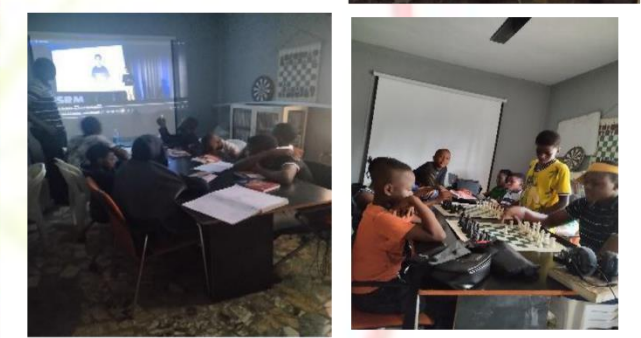

Yours faithfully,

Yetunde Macaulay

Our **FOCUS** is more on **TEENAGERS** because our #1 belief is that being a reputable 'student' before 20 years old is important to achieving every other milestones of life's journey.
